GENERAL PROPOSAL REQUIREMENTS

1. CONTRACTOR RESPONSIBILITIES:

All procedures and services must be in compliance with all Federal, State, and County Local Laws and Regulations.

2. BASIS FOR SELECTION AND CONDITIONS

The responsiveness, competency and responsibility of Proposer and of their proposed subcontractors will be considered in making the award of contract. Any Proposer before being awarded a contract may be required to furnish evidence satisfactory to the County that Proposer and their proposed subcontractors have sufficient means and experience in the type of work called for to assure completion of the contract in a satisfactory manner. The County reserves the right to reject the proposal of any Proposer as not responsible and not qualified to do the particular work under consideration who have previously failed to perform properly or to complete on time contracts with the County of a nature similar to this project. Other factors that may be considered by the County to determine a responsible proposal and the overall capability of the Proposer to satisfactorily complete the work under consideration may include, but are not limited to: insufficient experience, experience on other public projects, experience doing the same type of work, length of tenure and capacity with bonding or insurance company, financial stability, and whether a Proposer has been terminated on other projects.

A responsive proposal is one that meets all terms, conditions, and specifications of the RFP. The bid must comply with the content requirements of the RFP documents. The Proposer must perform and do what the RFP documents and contract required and said they must do, whether it be pricing in a certain way, attending a mandatory pre-bid conference, providing bonds, etc. Other examples where a proposal might be declared and found to be non-responsive include:

- Proposal is substantially incomplete
- Proposal is not signed
- Proposal is delivered late
- No acknowledgement of critical addenda
- Significant discrepancies appear in the response

A responsive proposal conforms to RFP specifications. However, a proposal which substantially conforms, though not strictly responsive, to a call for proposals may be accepted if the variance cannot have affected the amount of the proposal or given a Proposer an advantage or benefit not allowed other Proposers or, in other words, if the variance is inconsequential. The County reserves the right to reject any and all proposals or alternatives and waive any informality or irregularity in the proposals or in the bidding, and to determine responsiveness and responsibility of Proposer, including but not limited to those areas mentioned above.

CONTRACTOR covenants that CONTRACTOR, its officers, employees or their immediate family, presently has no interest, including, but not limited to, other projects or independent contracts, and shall not acquire any such interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. CONTRACTOR further covenants that in the performance of this Agreement no person having any such interest shall be employed or retained by CONTRACTOR under this Agreement. CONTRACTOR shall not hire COUNTY’S employees to perform any portion of the work or services provided for herein including secretarial, clerical and similar incidental services except upon the written approval of COUNTY. (the “Copyright Act”), and all right, title, and interest in and to the Custom Products shall vest in the COUNTY immediately upon development. To the extent any such Custom Products may not be the sole and exclusive property of the COUNTY and/or may not be a “work made for hire” as defined in the Copyright Act upon development, then CONTRACTOR agrees to and hereby does sell, transfer, grant and assign to the COUNTY all copyrights, patents, trade secrets, inventions, and other proprietary rights, title, and interest in and to such Custom Products upon development. b. Prohibition on unauthorized use or disclosure of covered data and information

Contractor agrees to hold Covered Data received from or created on behalf of County in strictest confidence. Contractor shall not use or disclose Covered Data except as permitted or required by the Agreement or as otherwise authorized in writing by County. If required by a court of competent jurisdiction or an administrative body to disclose Covered Data, Contractor will notify County in writing prior to any disclosure in order to give County an opportunity to oppose any such disclosure. Any work using, or transmission or storage of, Covered Data outside the United States is subject to prior written authorization by the County.

c. Safeguard standard

Contractor agrees that it will protect the Covered Data according to commercially acceptable standards and no less rigorously than it protects its own confidential information, but in no case less than reasonable care. Contractor shall develop, implement, maintain and use appropriate administrative, technical and physical security measures which may include but not be limited to encryption techniques, to preserve the confidentiality, integrity and availability of all such Covered Data.

d. Return or destruction of covered data and information

Upon termination, cancellation, expiration or other conclusion of the Agreement, Contractor shall return the Covered Data to County unless County requests that such data be destroyed. This provision shall also apply to all Covered Data that is in the possession of subcontractors or agents of Contractor. Contractor shall complete such return or destruction not less than thirty (30) calendar days after the conclusion of this Agreement. Within this thirty (30) day period, Contractor shall certify in writing to County that the return or destruction has been completed.

e. Reporting of unauthorized disclosures or misuse of covered data and information

Contractor shall report, either orally or in writing, to County any use or disclosure of Covered Data not authorized by this Agreement or in writing by County, including any reasonable belief that an unauthorized individual has accessed Covered Data. Contractor shall make the report to County immediately upon discovery of the unauthorized disclosure, but in no event more than two (2) business days after Contractor reasonably believes there has been unauthorized use or disclosure. Contractor’s report shall identify: (i) the nature of the unauthorized use or disclosure, (ii) the County Covered Data used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, (iv) what Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure, and (v) what corrective action Contractor has taken or shall take to prevent future similar unauthorized use or disclosure. Contractor shall provide County other information, including a written report, as reasonably requested by County.

Contractor shall retain project records for a period of five years from the date of final payment.

g. Assistance in litigation or administrative proceedings

Contractor shall make itself and any employees, subcontractors, or agents assisting Contractor in the performance of its obligations under the Agreement available to County at no cost to County to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings against County, its directors, officers, agents or employees based upon a claimed violation of laws relating to security and privacy and arising out of this Agreement.

h. No third-party rights

Nothing in this Agreement is intended to make any person or entity who is not signatory to the Agreement a third-party beneficiary of any right created by this Agreement or by operation of law.

i. Attorney's fees

In any action brought by a party to enforce the terms of this Agreement, the prevailing party shall be entitled to reasonable attorney's fees and costs, including the reasonable value of any services provided by in-house counsel. The reasonable value of services provided by in-house counsel shall be calculated by applying an hourly rate commensurate with prevailing market rates charged by attorneys in private practice for such services.
